**February - July 2003**

**SAMES** (Meylan, France) :

Work placement in **R&D** in a company which designs, manufactures and distributes automotive body finishing equipments and general industry products finishing equipments.

- *Carrying out of a **protocol of tests** allowing to characterize the dielectric rigidity of materials,*
- ***Realization of the tests,***
- *Search for an **electrostatic computation software** adapted to the needs of SAMES,*
- *Realization of a **technical documentation.***

**February - July 2002**

**PEUGEOT MOTOR COMPANY** (Ryton, England) :

Placement in **Quality in Production** at the Paint Shop of the PSA Ryton plant.

- ***Origin and distribution** of paint defects on the 206 bodies,*
- *Development of a **database** registering paint defects.*

**March - April 2001**

**LABORATOIRE DES COLLISIONS ATOMIQUES ET MOLÉCULAIRES** (Orsay, France) :

Training in a **C.N.R.S. laboratory** (National Centre of Scientific Research).

- *Subject: **Electronic excitations of insulators in response to grazing collisions of single charged ions.***

### EDUCATION

**2004**

**DESS (post-graduate degree) in Materials and Management** [Conservatoire National des Arts et Métiers, Paris, France], **with distinction.**

**2002**

**GRADUATE degree in Materials engineering** [University of Evry, France], **with distinction.**

**2001**

**LICENCE (third-year degree) Materials engineering** [University of Evry, France] , **with distinction.**

**2000**

**DEUG (two-year undergraduate degree) Materials engineering** [University of Evry, France] , **with distinction.**

**1998**

**French Baccalauréat** [G. Brassens secondary school, France], **with distinction.**

### HOBBIES

**Computer skills**

- Microsoft Office applications : Word, Excel, Powerpoint, Visio.
- CAD design in 3D : **CATIA v5**,
- Webmaster : <http://nicolaspommier.free.fr>
- Sports : Rollerblading, mountainbiking, mountain walking,
- Arts : Drawing, photography,
- Miscellaneous : Stock Market, economics.

**Hobbies**
